CORRIGENDUM for EN 1994-2

The following list of corrigenda has been approved by CEN TC 250 "Structural Eurocodes" committee but is not yet issued by CEN in a consolidated form.

It is being made available by BSI British Standards for information and in response to market demand for the most up to date details on the Eurocodes during this important implementation phase.

Once the full corrected text is received BS EN 1994-2: 2004 will be republished incorporating Corrigendum 1.

At that time this list will be removed from the public domain.

This document is not a British Standard.

BSI April 2008.
